Hello I'm a passionate graphic-designer / web-developer with 3+ years of experience. I have a combination of enthusiasm and passion for anything web related. I specialise in CSS, micro animations and graphic design. I like to focus on building user-friendly interfaces and graphics that create a solid user experience. I have a keen eye for detail and a passion for staying at the forefront of emerging technologies, frameworks and trends. I am committed to delivering effective and engaging solutions that people enjoy looking at, interacting with and using.
